Logitech + Microsoft / Tap into Teams Rooms

Introduction

Transform any space to a Microsoft Teams Rooms meeting place with one-touch join, easy content sharing, and center-of-room control for Teams meetings. You can also leverage “proximity join” from your smartphone or laptop.

Logitech Room Solutions for Microsoft Teams include everything you need for video meetings, available in small, medium, and large configurations. These pre-configured systems include a mini PC, Logitech conferencecam with RightSense™ technologies, PC mount with cable retention, and the Logitech Tap touch controller.

Effortlessly share whiteboards into your Teams meetings by adding Logitech Scribe, an AI-powered whiteboard camera elegantly-designed for the modern office. With Scribe, both remote and in-office workers can have the best seat at the table.

Easily monitor and manage your meeting room devices from the Microsoft Teams Admin Center or Logitech Sync. Plus, get business insights into how your rooms are being used.

REMARKABLY SIMPLE MEETING ROOM SOLUTIONS

Logitech for Microsoft Teams Rooms on Android include an Ultra-HD Logitech conferencecam with motorised pan and tilt, RightSense™ technologies, and the Logitech Tap

touch controller for virtually any room size or shape. Support for Microsoft Teams Rooms on Android means set up is remarkably simple with no need for a PC or Mac. Plus, device management has never been easier through the Microsoft Teams Admin Centre.

Logitech Scribe

Whiteboard Camera for Video Conferencing Rooms

Designed for whiteboard sharing in the modern workplace, Logitech Scribe broadcasts content on dry erase boards into video meetings with outstanding clarity. Now, even remote participants can have the best seat at the table. With a clean wall-mounted design and thoughtful cable management, Scribe installs elegantly and out of the way of meeting collaboration. Together with the whiteboard content camera, Scribe includes a wireless share button, mounting components, power supply, and category cables for deployment at scale.

Features & Benefits

- > Effortlessly share whiteboards into video meetings with Logitech Scribe, an AI-powered whiteboard camera for Microsoft Teams® Rooms, Zoom Rooms, and other leading video conferencing services.
- > Works with all whiteboard surfaces, capturing up to 6' W by 4' H, and any set of dry erase markers.
- > Scribe's wireless share button makes sharing whiteboards into video meetings quick and easy.
- > You can also initiate sharing with your meeting room touch controller, like Logitech Tap.
- > Presenter Removal Scribe's built-in AI delivers a transparency effect, allowing participants to see "through" the presenter for an unobstructed view of the whiteboard.
- > Content Enhancement Scribe automatically enhances the colour and contrast of dry erase markers, making text and sketches easier to read.
- > Sticky Note Detection Scribe uses image segmentation to recognize and show other forms of content like sticky notes.

OPTIONS AND ACCESSORIES

PC MOUNT

Secures the supplied PC to a wall or beneath a table, and includes a cable retention bracket to keep USB, HDMI, power, and network cables tight and secure. Included with all room solutions.

TABLE MOUNT

Secures Tap to a grommet while maintaining a low profile. Swivels 180° for convenient operation from both sides of the table.

RISER MOUNT

Secures Tap to a grommet and raises the viewing angle to 30° for better visibility from across the room. Swivels 180° for convenient operation from both sides of the table.

WALL MOUNT

Conserves table space by mounting Tap flush to the wall with a sturdy plate and cleat design.

TV MOUNT FOR VIDEO BARS

Securely mount your video bar above or below a TV or Monitor.

WALL MOUNT FOR VIDEO BARS

Neatly and confidently secure your video bar on the wall for minimal footprint.

RALLY MIC POD

Add Rally Mic Pods to expand audio coverage and provide convenient access to mute controls.

LOGITECH SWITCH

Adds the ability to use the AV equipment in Microsoft Teams Rooms with any video conferencing software, webinar platform, or streaming service. Simply plug in a laptop to start a new meeting.

Headsets and Personal Video Cameras

Logitech Zone Wired Headset

- > Durable wired headset designed for busy open workspaces
- > Open Office-certified using noise-cancelling dual mic technology
- > Works with Windows, macOS, or Chrome OS based computer with available USB-C or USB- port
- > Voice prompts for mute on/off
- > 270 degree rotation (wear the microphone boom on either left or right)
- > Compatible with Zoom

Logitech Zone Wireless Headset

- > Designed for mobile workers, Zone Wireless provides the versatility to wirelessly connect to your computer, tablet, and smartphone simultaneously
- > Immersive sound (great for music and talking)
- > Active noise cancelling mic
- > Wireless range: Up to 30m (open field of sight)
- > Works with Windows, macOS, or Chrome based computer via USB-C, USB-A, Bluetooth and iOS or Android Bluetooth enabled devices
- > 270 degree rotation (wear the microphone boom on either left or right)
- > Compatible with Zoom

Logitech Zone True Wireless Earbuds

Zone True Wireless Bluetooth® Earbuds help users communicate clearly from anywhere with a certified noise-cancelling mic, adaptive hybrid ANC, and immersive sound that is ideal for video meetings.

Features:

- > Noise-cancelling 6-mic array
- > Adaptive hybrid ANC
- > Seamlessly connect and switch between devices
- > Simple on-ear touch controls for volume, music and calls

Logitech Zone Wired Earbuds

Zone Wired Earbuds enable the super-mobile Corridor Warrior to stay in the zone, whether taking video meetings from their desk or on-the-go.

Features:

- > Noise-cancelling, boomless dual mic technology
- > Studio-quality audio
- > Sleek and simple in-line controller
- > Convenient plug-and-play connections

Logitech Logi Dock

Logi Dock is an all-in-one dock for your workspace that simplifies the connections to all your devices.

Features:

- > Single cable dock
- > WFH handsfree audio
- > Automatic audio switch
- > Simple meeting controls
- > Device management

Logitech C920e Business Webcam

HD Video. Incredible Price. C920e is a work-from-anywhere webcam that delivers HD video meetings that look and sound better than most laptop built-ins at a price point that's ideal for mass deployment.

Features:

- > Supports multiple resolutions, including 1080p (Full HD) @30 fps, and 720p (HD) @ 30fps to best support the quality offered by your application and monitor
- > 78° diagonal fixed field of view (dFOV)
- > 1.2x digital zoom (Full HD) available
- > Built-in HD autofocus ensures you're seen clearly throughout video calls
- > RightLight™ 2 auto light correction for clear image in various lighting environments ranging from low light to direct sunlight
- > Dual omni-directional mics, optimised to capture audio clearly from up to one metre away, can be enabled via the Logi Tune app
- > Easily connects via USB-A; cable length of 5 ft (1.5 m)
- > Switch to privacy mode in an instant with the attachable privacy shade
- > Universal clip and 1/4" thread for tripod mounting
- > Certified for Microsoft Teams® and works with all popular calling platforms

Logitech C925e Personal Webcam

The C925e is brilliantly designed for anyone looking to enhance their day-to-day video collaboration. USB plug-and-play connectivity makes it a breeze to set up and operate. It even works with any video conferencing software application, including the ones you already use.

Features:

- > HD 1080p video at up to 30 frames per second
- > UVC H.264 encoding technology
- > 78° field of view
- > Omni-directional dual stereo microphones
- > Convenient privacy shutter
- > Logitech RightLight™ 2 technology and autofocus
- > Easy-to-use
- > Multiple mounting options
- > Certified for Microsoft Teams® and works with all popular calling platforms

Logitech C930e Business Webcam

Experience video calls that are the next best thing to being there in person. Logitech® C930e Webcam delivers clear video and sound in virtually any environment, even low-light conditions.

Features:

- > HD 1080p video quality at 30 frames-per-second brings life-like HD video to conference calls, enabling expressions, non-verbal cues and movements to be seen clearly
- > Widest-ever business webcam field-of-view enjoy an extended view – 90 degrees – perfect for presenting using a whiteboard or doing demos.
- > Logitech RightLight™ 2 technology and autofocus Webcam intelligently adjusts to improve visual quality in low light at multiple distances
- > 4X digital zoom in Full HD
- > Pan, tilt and zoom within the 90-degree field-of-view scene for focused viewing during desktop video conferences.
- > Premium glass lens enjoy razor-sharp images even when showing documents up close, a whiteboard drawing or a product demo
- > Convenient privacy shutter easy lens enclosure for added privacy and security.
- > Plug-and-play USB connectivity
- > Multiple mounting options
- > Certified for Microsoft Teams®. Certifications and compatibility with other popular applications

BRIO Ultra HD pro Business Webcam

Logitech® delivers their best ever webcam with 4K UHD and 5X zoom for truly amazing video quality. Brio's 4K image sensor is a next generation powerhouse that enables 5X digital zoom, high frame rates and multiple resolutions to optimally support any compute/network environment.

Features:

- > 4K Ultra HD
- > 2160p/30fps
- > Full HD 1080p/30 or 60fps
- > HD 720p/30, 60, or 90fps
- > Up to 5 x zoom
- > Plug-and-play USB connectivity
- > Logitech RightLight™ 3 technology and autofocus
- > Attachable privacy shutter
- > 65°, 78°, and 90° diagonal field of view
- > Multiple mounting options
- > Works with all popular calling platforms
- > Business-grade certifications mean you can launch your next presentation or video meeting with complete confidence
- > Certified for Microsoft Teams®. Certifications and compatibility with other popular applications

- > Autofocus
- > Digital zoom (Full HD): 5x
- > Auto Light Correction: RightLight™ 3 with HDR
- > Multiple mounting options, External privacy shutter, Infrared for supporting facial login, Background replacement labs project (powered by Personify3), Works with Cortana®

Management Tools

Easily monitor and manage your meeting room devices from Microsoft Teams or Logitech Sync Dashboard. Plus, get business insights into how your rooms are being used.

*Appliance based Solutions are monitored and managed from the Microsoft Teams Admin Centre, PC based solutions can be monitored and managed from either the Microsoft Teams Admin Centre or Logitech Sync

Introducing Logitech Sync

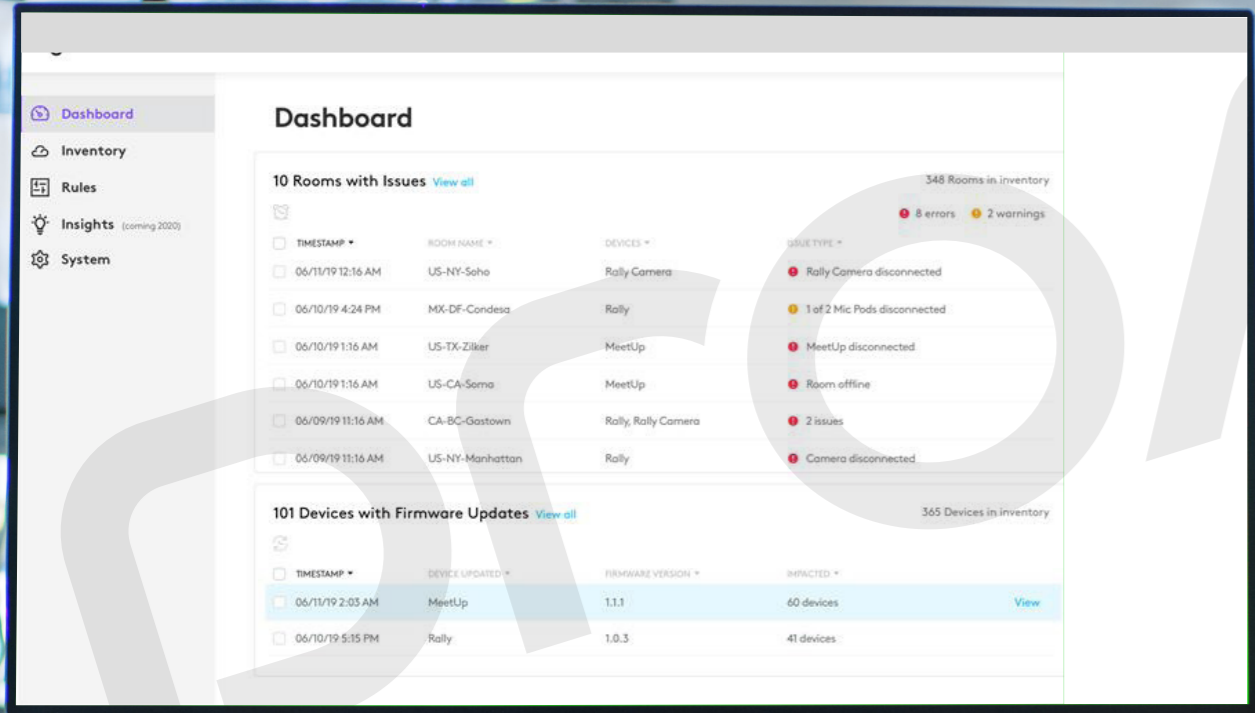

Remote management that scales to thousands of Logitech meeting room devices

MODERN DEVICE MANAGEMENT

Logitech Sync makes it easy to support large-scale video deployments while minimising site visits and trouble tickets—all from a simple browser-based interface.

A fresh approach to remote monitoring and device management simplifies tasks like firmware updates and feature enablement, while an API and forward-looking architecture establish a robust foundation for new insights and integrations.

ROOM STATUS IN REAL TIME

Don't wait for a panicked phone call or trouble ticket to surface problems like an offline room or disconnected device.

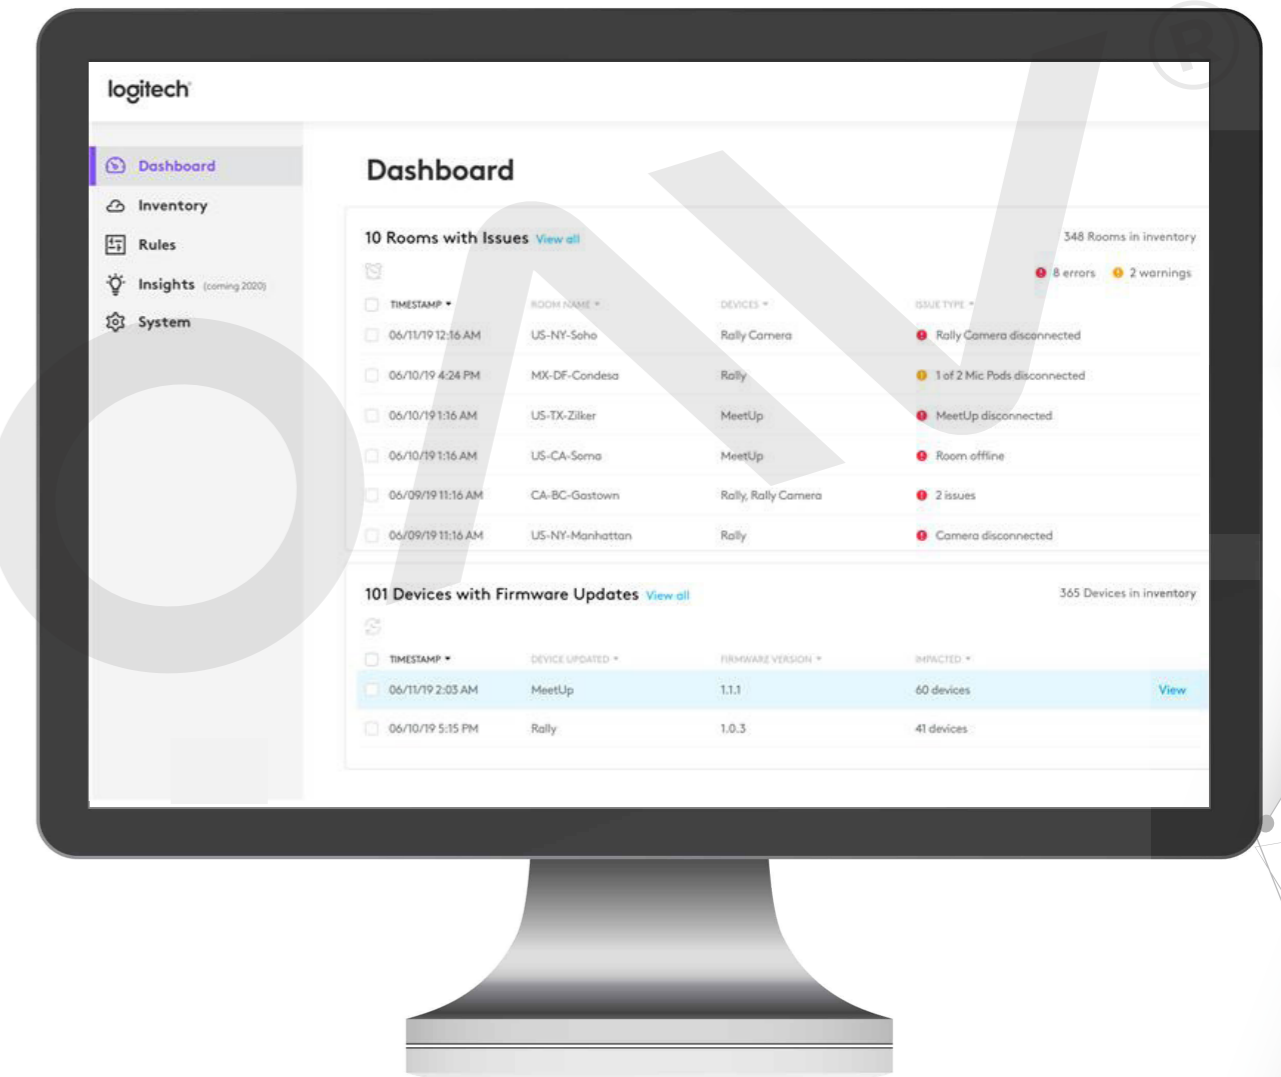

Sync automatically highlights issues that need your attention in real time and offers in-depth diagnostic info so you can resolve problems before they impact a meeting.

Management

LET SYNC MAKE THE SITE VISITS

Thanks to a modern design that supports both on-demand and scheduled updates, Sync helps you deploy product upgrades and bug fixes to all of your rooms.

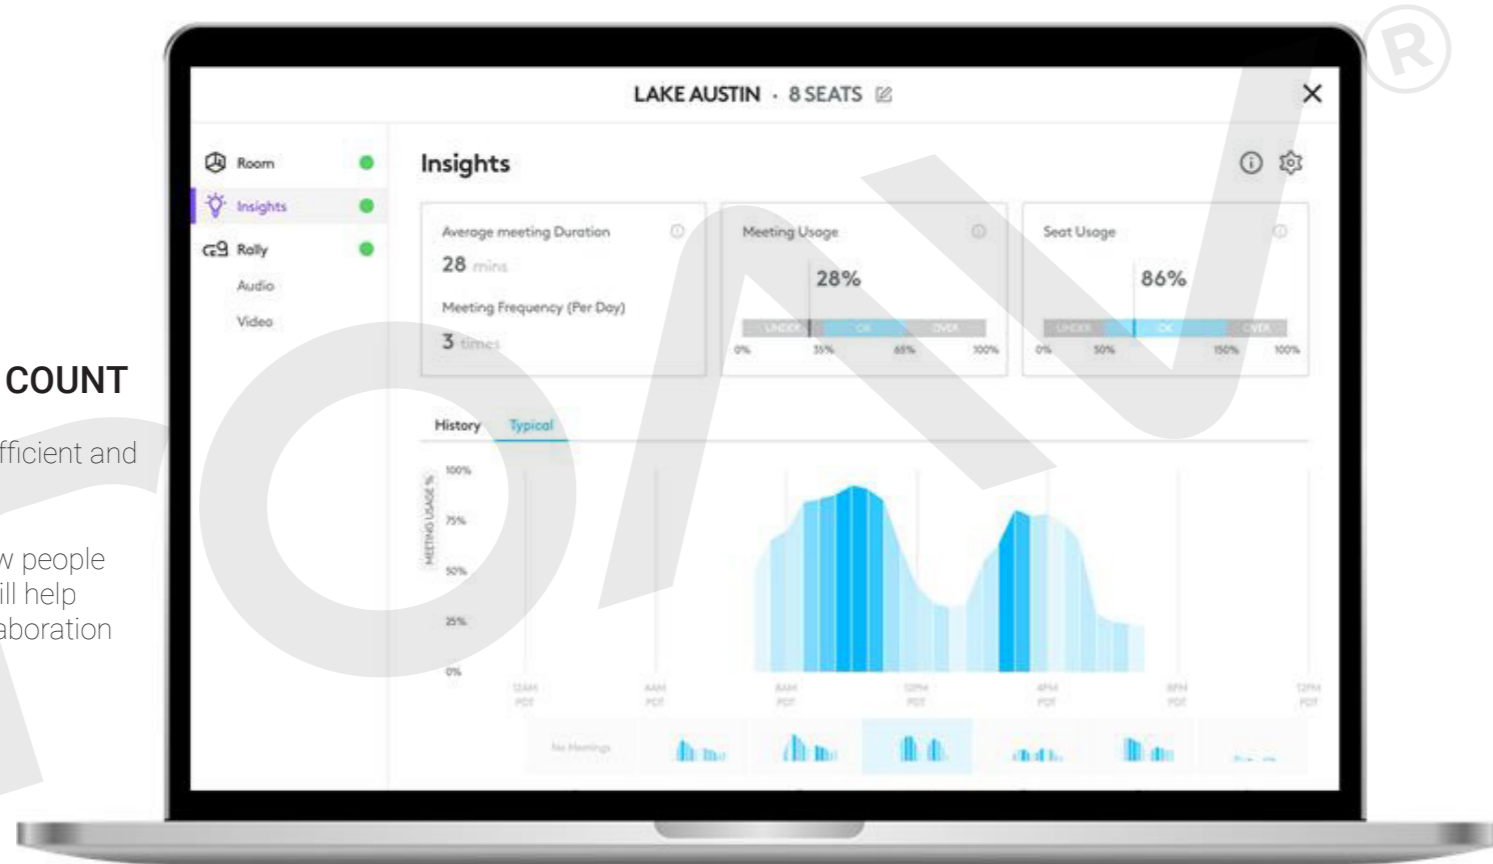

Simply select your devices, choose an action, and let Sync make it happen.

MAKE EVERY MEETING COUNT

Get insights that lead to more efficient and productive meetings.

Informed by rich data about how people use rooms and devices, Sync will help you make the most of your collaboration spaces and technologies

WHY SYNC

Sync offers easy and secure scalability, no matter how many rooms and devices you manage.

MODERN

Sync's intuitive and responsive interface is powered by a cloud-based architecture to accelerate deployment and simplify management

SECURE

Because Sync employs end-to-end encryption and neither collects nor transmits audio, video, or shared content, meeting data remains private and secure

SCALABLE

A capacity of more than 10,000 devices and a platform built for multitenancy make Sync an ideal solution for service providers and enterprise deployments

FREEMIUM

No licenses, no invoices, no maintenance fees. While Logitech will add new capability and value to Sync, core device monitoring and management is free
