

Job Title: Assistant Systems Engineer

Location: Egham

Role Overview

Based at our Egham offices, the correct individual will work as part of a hybrid team, comprising of Rack Build & Off-Site commissioning team, providing proAV® with first line assistance for build as well as in house test and quality assurance validation services of the various devices.

The role involves and is not limited to administrative, technical and logistical works.

Key Responsibilities

- > Liaison with other internal departments
- > Assist the Rack Build team to load equipment into the racks, following the system specific schematics, ensuring good ventilation and access for equipment
- > Undertake rack cable testing to ensure all cabling terminations are correct and the cables function in the desired manner, highlighting any cable issue back to the build team
- > Undertaking any product software or firmware updates to ensure they are on the latest for operation
- > Physically setup elements of systems as per the system specific schematics in preparation for any offsite staging
- > Represent the company with the necessary level of professional conduct and presentation

Desirable Skills

- > Fully physically fit and with the ability to rig and de-rig systems
 - > An Electronic or electrical understanding would benefit but is not essential
 - > A hunger to continually learn, improve and grow your knowledge in an industry which demands this
 - > Comfortably able to work in a fast paced and busy collaborative environment
-

- > Competent level of computer literacy
- > Able to work as part of a team and share information accordingly
- > Good communication skills both verbal and written
- > Ability to work to the highest quality standards with attention to detail ensuring that we complete our work thoroughly, never walking away from a problem

Further Details

Salary: Dependant on experience
Reporting to: Production & Offsite Commissioning Manager
Department: Projects
Hours: Full-time, 40 hours per week, flexibility required

Equal Opportunities

proAV are an equal opportunities employer, committed to promoting diversity and inclusion in the workplace and for job applicants, and are encouraged regardless of age, disability, gender identity, marital or civil partnership status, pregnancy or maternity, race, religion or belief, sex, or sexual orientation. We aim to create a working environment in which all individuals can make best use of their skills, free from discrimination or harassment, and that we understand, recognise, respect and value differences so that all decisions are based upon merit.

The principals of non-discrimination and equality of opportunity, diversity and inclusion also apply to the way in which we treat visitors, clients, customers, suppliers, and workers.
