Introduction

Transform any space to a Zoom Room with one-touch join, wireless (Direct Share) and wired (HDMI) content sharing, and centre-of-room control. You can also leverage "proximity join" from your smartphone or laptop.

Logitech Room Solutions for Zoom Rooms include everything you need for video meetings, available in small, medium and large configurations.

Logitech Zoom Room Appliances offer Built-in Zoom support which means you can deploy your Zoom Rooms quickly and effortlessly, with fewer cables and no PC or Mac required.

Logitech Sync makes it easy to support large-scale video deployments while minimising site visits and trouble tickets - all from a simple browser-based interface.

Remarkably Simple Meeting Room Solutions

Logitech for Zoom Rooms Appliances include an Ultra-HD Logitech conferencecam with motorised pan and tilt, RightSense™ technologies, and the Logitech Tap touch controller for virtually any room size or shape. Support for Zoom Rooms Appliances means set up is remarkably simple with no need for a PC or Mac. Plus, device management has never been easier through the Zoom Dashboard

Logitech Small Room Solution for Zoom Rooms

Pre-configured Video Conferencing for Zoom Rooms™

The small room configuration with Logitech Rally Bar Mini delivers superior audio and video in a compact, all-in-one form factor. Clean cabling and flexible mounting options allow you to confidently deploy at scale. Support for Zoom Rooms Appliances means set up is remarkably simple with no need for a PC or Mac.

Appliance-Based Small Room Solution MeetUp with Roommate

Featured Components:

Logitech MeetUp Conference Bar

1

- > Super-wide 120° field of view
- > Ultra HD 4K image sensor
- > Razor-sharp optics
- > 3-microphones and custom-tuned speaker
- > Motorized pan/tilt
- > 5x HD zoom
- > Plug-and-play USB connectivity

Logitech RoomMate

2

- > In a sleek, low-profile form factor, Logitech RoomMate delivers all the power you need for HD video conferencing in rooms with one or two displays
- > Built-in support for Zoom Rooms

Logitech Tap

3

- > Touch controller for room solutions with One-touch Join
- > Responsive 10.1" touch screen
- > Commercial-grade cabling and cable management
- > Supports both wired and wireless DirectShare content sharing
- > Optional Table and Riser mounts add convenience and rotate 180° for easy viewing. Or, add a Wall Mount to save space in small and multipurpose rooms.

Pre-configured Video Conferencing for Zoom Rooms™

The small room configuration with Logitech Rally Bar Mini delivers superior audio and video in a compact, all-in-one form factor. Clean cabling and flexible mounting options allow you to confidently deploy at scale. Support for Zoom Rooms Appliances means set up is remarkably simple with no need for a PC or Mac.

Featured Components:

Logitech Rally Bar Mini

1

- > Premier all-in-one video bar for small rooms, in graphite or white
- > Motorised pan and tilt lens provides expansive room coverage
- > Ultra-low distortion speakers deliver crystal clear sound
- > AI Viewfinder for enhanced RightSight™ auto-framing and people count
- > Add up to two Rally Mic Pods to extend audio coverage

Logitech Tap

2

- > Touch controller for room solutions with One-touch Join
- > Responsive 10.1" touch screen
- > Commercial-grade cabling and cable management
- > Supports both wired and wireless DirectShare content sharing
- > Optional Table and Riser mounts add convenience and rotate 180° for easy viewing. Or, add a Wall Mount to save space in small and multipurpose rooms.

Logitech MeetUp & Rally Bar Mini Feature Comparison

There are several key differences between the MeetUp and the Rally Bar Mini. They include:

- > The MeetUp Certifications (Certified for Skype® for Business, Cisco Jabber™ compatible, Windows, Mac, Microsoft Cortana certified)
- > The Rally Bar Mini Certifications (Certifications: Zoom™ Certified, Certified for Microsoft Teams as a USB device)
- > The MeetUp has 3 camera presets, which can be selected and returned to by remote control
- > The Rally Bar Mini has an AI viewfinder camera for automatic scene awareness and auto-framing
- > No computer or laptop is required in appliance mode for the Rally Bar Mini
- > The Rally Bar Mini has 6 integrated beamforming microphones, whereas the MeetUp has 3

Accessories

TV Mount for MeetUp
Securely attach MeetUp to your TV or monitor.

Expansion Mic for MeetUp
Extend the microphone pickup range and add convenient mute control for smallroom configurations using MeetUp.

Rally Mic Pod
Extend audio coverage and provide convenient access to mute controls. Compatible with the Rally System in the medium and large room configurations. Available in graphite or white.

Rally Mic POD Mount
Hide cables and anchor mics on the table or ceiling for a clean finished look. Compatible with the Rally System in the medium large room configurations. Available in graphite or white

Mounts for Logitech Tap
Place the Logitech Tap touch controller on the tabletop, or add a mount for better security, convenience, and cable management. The table and Rise mounts fit in standard grommet holes and swivel 180° for operation from both sides of the table. The Wall Mount saves space in smaller rooms.

Logitech Zone Wired Headset

- > Durable wired headset designed for busy open workspaces
- > Open Office-certified using noise-cancelling dual mic technology
- > Works with Windows, macOS, or Chrome OS based computer with available USB-C or USB- port
- > Voice prompts for mute on/off
- > 270 degree rotation (wear the microphone boom on either left or right)
- > Compatible with Zoom

Logitech Zone Wireless Headset

- > Designed for mobile workers, Zone Wireless provides the versatility to wirelessly connect to your computer, tablet, and smartphone simultaneously
- > Immersive sound (great for music and talking)
- > Active noise cancelling mic
- > Wireless range: Up to 30m (open field of sight)
- > Works with Windows, macOS, or Chrome based computer via USB-C, USB-A, Bluetooth and iOS or Android Bluetooth enabled devices
- > 270 degree rotation (wear the microphone boom on either left or right)
- > Compatible with Zoom

Logitech Zone True Wireless Earbuds

Zone True Wireless Bluetooth® Earbuds help users communicate clearly from anywhere with a certified noise-cancelling mic, adaptive hybrid ANC, and immersive sound that is ideal for video meetings.

Features:

- > Noise-canceling 6-mic array
- > Adaptive hybrid ANC
- > Seamlessly connect and switch between devices
- > Simple on-ear touch controls for volume, music and calls

Logitech Zone Wired Earbuds

Zone Wired Earbuds enable the super-mobile Corridor Warrior to stay in the zone, whether taking video meetings from their desk or on-the-go.

Features:

- > Noise-canceling, boomless dual mic technology
- > Studio-quality audio
- > Sleek and simple in-line controller
- > Convenient plug-and-play connections

Logitech Logi Dock

Logi Dock is an all-in-one dock for your workspace that simplifies the connections to all your devices.

Features:

- > Single cable dock
- > WFH handsfree audio
- > Automatic audio switch
- > Simple meeting controls
- > Device management

Logitech C925e Personal Webcam

The c925e is brilliantly designed for anyone looking to enhance their day-to-day video collaboration. USB plug-and-play connectivity makes it a breeze to set up and operate. It even works with any video conferencing software application, including the ones you already use.

Features:

- > HD 1080p video at up to 30 frames per second
- > UVC H.264 encoding technology
- > 78° field of view
- > Omni-directional dual stereo microphones
- > Convenient privacy shutter
- > Logitech RightLight™ 2 technology and autofocus
- > Easy-to-use
- > Multiple mounting options
- > Certified for Microsoft Teams and works with all popular calling platforms

Logitech Personal Video Collaboration Kits

Wired Personal Video Collaboration Kit

- > Includes C925e webcam + ZONE WIRED Headset
- > Full HD video calling (up to 1080p)

- > Compatible with Zoom

Easily monitor and manage your meeting room devices from the Zoom or Logitech Sync Dashboard. Plus, get business insights into how your rooms are being used.

Remote management that scales to thousands of Logitech meeting room devices

MODERN DEVICE MANAGEMENT

Logitech Sync makes it easy to support large-scale video deployments while minimising site visits and trouble tickets - all from a simple browser-based interface.

A fresh approach to remote monitoring and device management simplifies tasks like firmware updates and feature enablement, while an API and forward-looking architecture establish a robust foundation for new insights and integrations.

ROOM STATUS IN REAL TIME

Don't wait for a panicked phone call or trouble ticket to surface problems like an offline room or disconnected device.

Sync automatically highlights issues that need your attention in real time and offers in-depth diagnostic info so you can resolve problems before they impact a meeting.

LET SYNC MAKE THE SITE VISITS

Thanks to a modern design that supports both on-demand and scheduled updates, Sync helps you deploy product upgrades and bug fixes to all of your rooms.

Simply select your devices, choose an action, and let Sync make it happen.

MAKE EVERY MEETING COUNT

Get insights that lead to more efficient and productive meetings.

Informed by rich data about how people use rooms and devices, Sync will help you make the most of your collaboration spaces and technologies

WHY SYNC

Sync offers easy and secure scalability, no matter how many rooms and devices you manage.

MODERN

Sync's intuitive and responsive interface is powered by a cloud-based architecture to accelerate deployment and simplify management

SECURE

Because Sync employs end-to-end encryption and neither collects nor transmits audio, video, or shared content, meeting data remains private and secure

SCALABLE

A capacity of more than 10,000 devices and a platform built for multitenancy make Sync an ideal solution for service providers and enterprise deployments

FREEMIUM

No licenses, no invoices, no maintenance fees. While Logitech will add new capability and value to Sync, core device monitoring and management is free
