A Microsoft® certified solution for every space

## Introduction

Empower all meeting participants, wherever they are.

When virtual employees feel as immersed in meetings as those in the office, teamwork flows. Unleash your team's full potential with the capabilities of Microsoft Teams Rooms.

Flexible. Secure. Designed around people. Microsoft Teams Rooms connects your employees to high-spec meeting spaces in your office – even when they're not in the room.

Microsoft Teams Rooms are purpose-built, native calling and meeting solutions delivering a complete Teams meeting experience, with high-definition audio and video, on Teams certified 1st and 3rd party hardware. When we say "purpose-built and native" we mean the experience is specifically, and thoughtfully designed by Microsoft for the Teams user.

Teams Rooms go beyond what can be done with Teams on personal devices by providing unique in-room capabilities, like one-touch join, content cameras to share physical whiteboards into the meeting in an intelligent way, and proximity features like seamlessly transferring the room into a Teams meeting from your own personal device.

Already using Microsoft Teams at the desktop? Enhance the user experience with certified peripherals.

Easily manage from one place - With a Microsoft Teams Rooms Standard licence, fully manage devices yourself via the Teams Admin Centre. Or choose the Premium licence for 24/7 Microsoft proactive management.

## MTR Small Room Desktop Version + BYOC Crestron Flex UC-MMX30-T-I

### Native Microsoft Teams® Rooms Experience

The Crestron Flex UC-MMX30-T-I system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms. It supports single or dual video displays and features a Crestron Flex tabletop conference device, UC Bracket Assembly with UC-ENGINE,

UC Presentation Transmitter, and a collaboration camera. It can also integrate with a Crestron control system to enable touch screen control of room lighting, motorised window shades, climate control, AV, and other amenities.

### High-Definition Video Conferencing

The included collaboration camera (CCS-CAM-USB-F-400) features an ultra wide-angle 150° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, 12 MP CMOS sensor, and advanced video processing ensure a clear video image free from light or noise artifacts.

### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

### BYOC (Bring Your Own Codec)

Conference room visitors can connect their laptop to the Crestron Flex system to use their own UC conference platform. The UC Presentation Transmitter (UC-PR) switches to the connected laptop's UC platform and returns to the native Microsoft Teams Rooms platform when disconnected.

### Intuitive User Interface

With a large 7 in. HD colour touch screen (UC-2-T-I) and an integrated AEC-enabled USB speakerphone that affords full-duplex wideband audio performance. Another 7 in. or 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment to provide dual control if required.

### Native Microsoft Teams® Rooms Experience

The Crestron Flex UC-MM30-T-I system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms. It supports single or dual video displays and features a Crestron Flex tabletop conference device, UC Bracket

Assembly, and a collaboration camera. It can also integrate with a Crestron control system to enable touch screen control of room lighting, motorised window shades, climate control, AV, and other amenities.

## MTR Small Room Desktop Version Crestron Flex UC-MM30-T-I

### High-Definition Video Conferencing

The included collaboration camera (CCS-CAM-USB-F-400) features an ultra wide-angle 150° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, 12 MP CMOS sensor, and advanced video processing ensure a clear video image free from light or noise artifacts.

### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

### Intuitive User Interface with Impressive Audio

With a large 7 in. HD colour touch screen (UC-2-T-I) and an integrated AEC-enabled USB speakerphone that affords full-duplex wideband audio performance. Another 7 in. or 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment to provide dual control if required.

### Native Microsoft Teams® Rooms Experience

The Crestron Flex UC-B30-T system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms. It supports single or dual video displays and features a 10.1 in. touch screen, UC Bracket Assembly with

UC-ENGINE, and Crestron UC video conference smart soundbar & camera. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

### MTR Small / Medium Room Soundbar Version Crestron Flex UC-B30-T

1

#### High-Definition Video Conferencing

High-quality speakers, microphone, and digital signal processing deliver exceptional full-duplex speakerphone performance from the Crestron UC video conference soundbar and camera (UC-SB1-CAM-FLEX). The built-in conferencing camera captures the room in HD 1080p video resolution and with an ultra-wide 150° diagonal field of view.

2

#### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

3

#### Intuitive User Interface

With a large 10.1 in. (257 mm) capacitive touch screen display, the Crestron® tabletop touch screen (TS-1070-B-S) provides superior conferencing control in meeting rooms, huddle spaces, and executive offices. Another 7 in. or 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment to provide dual control if required. Wall mount touch panel also available (UC-B30-T-WM).

### MTR Small / Medium Room Soundbar Version + BYOC Crestron Flex UC-BX30-T

### Native Microsoft Teams® Rooms Experience

The Crestron Flex UC-BX30-T system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms software. It supports single or dual video displays and features a 10.1 in. touch screen, UC Bracket Assembly

with UC-ENGINE, and Crestron UC video conference smart soundbar & camera. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

1

#### High-Definition Video Conferencing

High-quality speakers, microphone, and digital signal processing deliver exceptional full-duplex speakerphone performance from the Crestron UC video conference soundbar and camera (UC-SB1-CAM-FLEX). The built-in conferencing camera captures the room in HD 1080p video resolution and with an ultra-wide 150° diagonal field of view.

2

#### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

3

#### BYOC (Bring Your Own Codec)

Conference room visitors can connect their laptop to the Crestron Flex system to use their own UC conference platform. The UC Presentation Transmitter (UC-PR) switches to the connected laptop's UC platform and returns to the native Microsoft Teams Rooms platform when disconnected.

4

#### Intuitive User Interface

With a large 10.1 in. (257 mm) capacitive touch screen display, the Crestron® tabletop touch screen (TS-1070-B-S) provides superior conferencing control in meeting rooms, huddle spaces, and executive offices. Another 7 in. or 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment. Wall mount touch panel option also available (UC-BX30-T-WM).

### Native Microsoft Teams Rooms™ Software Experience

The UC-M50-T system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms software. It supports single or dual video displays, and features the Crestron Flex tabletop conferencing device, UC

Bracket Assembly with UC-ENGINE, a collaboration camera, cables, and power supply. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

## MTR Medium Room Desktop Version Crestron Flex UC-M50-T

### High-Definition Video Conferencing

The included collaboration camera (CCS-CAM-USB-F-400) features an ultra wide-angle 150° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, 12 MP CMOS sensor, and advanced video processing ensure a clear video image free from light or noise artifacts.

### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

### Intuitive User Interface with Impressive Audio

The Crestron Flex Tabletop Conference device (CCS-UC-1-T-V) provides a superior conferencing and collaboration experience with its large 7 in. HD display, integrated 360° quad microphone array, and an AEC-enabled USB speakerphone that supports full-duplex wideband audio performance. Another 7 in. or 10.1 in. touch screen can be added to the solution in order to provide dual control for the Microsoft Teams Rooms software if required.

## MTR Medium Room Desktop Version + BYOC Crestron Flex UC-MX50-T

### Native Microsoft Teams® Rooms Experience

The UC-MX50-T system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms. It supports single or dual video displays, and features the Crestron Flex tabletop conferencing device, UC Bracket

Assembly with UC-ENGINE, a collaboration camera, cables, and power supply. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

### High-Definition Video Conferencing

The collaboration camera (CCS-CAM-USB-F-400) features an ultra wide-angle 150° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, 12 MP CMOS sensor, and advanced video processing ensure a clear video image free from light or noise artifacts.

### Simplified Deployment

The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

### BYOC (Bring Your Own Codec)

Conference room visitors can connect their laptop to the Crestron Flex system to use their own UC conference platform. The UC Presentation Transmitter (UC-PR) switches to the connected laptop's UC platform and returns to the native Microsoft Teams Rooms platform when disconnected.

### Intuitive User Interface with Impressive Audio

The Crestron Flex Tabletop Conference device (CCS-UC-1-T-V) provides a superior conferencing and collaboration experience with its large 7 in. HD display, integrated 360° quad microphone array, and an AEC-enabled USB speakerphone that supports full-duplex wideband audio performance. Another 7 in. or 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment.

### Native Microsoft Teams® Rooms Experience

The UC-M70-T system provides a complete video conference room solution with one-touch meeting joins for Microsoft Teams Rooms. It supports single or dual video displays, and features the Crestron Flex tabletop conferencing device, UC Bracket

Assembly with UC-ENGINE, a collaboration camera, cables, and power supply. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

## MTR Large Room Desktop Version Crestron Flex UC-M70-T

### High-Definition Video Conferencing

The included enterprise-grade camera (UC-CAM-HD-520) features a wide-angle 82° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, super low light 2M pixel sensor, and advanced video processing ensure a clear video image free from light or noise artifacts.

### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

### Microphone Pod

The CCS-UCA-MIC is a low-profile extension microphone pod designed exclusively for use with a Crestron Flex Tabletop Conference System. Up to two mic pods may be connected to a single conference device to extend its pickup range to cover large tables. Optionally, two microphone pods may be daisy-chained, or connected to the mic pod ports on the rear of the conference device, using the cables provided with each microphone pod.

### Intuitive User Interface with Impressive Audio

The Crestron Flex Tabletop Conference device (CCS-UC-1-T-V) provides a superior conferencing and collaboration experience with its large 7 in. HD display, integrated 360° quad microphone array, and an AEC-enabled USB speakerphone that supports full-duplex wideband audio performance. Another 7 in. or 10.1 in. touch screen may be added to the solution as an additional control point for the Microsoft Teams Rooms environment.

## MTR Large Room Desktop Version + BYOC Crestron Flex UC-MX70-T

### Native Microsoft Teams Rooms™ Software Experience

The Crestron Flex UC-MX70-T system provides a video conference room solution with one-touch meeting joins for Microsoft Teams Rooms. It supports single or dual video displays, and features the Crestron Flex tabletop

conferencing device, UC Bracket Assembly, an enterprise-grade camera, mic pod, cables, and power supply. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

### High-Definition Video Conferencing

The included enterprise-grade camera (UC-CAM-HD-520) features a wide-angle 82° diagonal field of view to capture an entire conference room in Full HD 1080p video resolution. High precision aspherical optics, super low light 2M pixel sensor, and advanced video processing ensure a clear video image free from light or noise artifacts.

### Simplified Deployment

### BYOC (Bring Your Own Codec)

Conference room visitors can connect their laptop to the Crestron Flex system to use their own UC conference platform. The UC Presentation Transmitter (UC-PR) switches to the connected laptop's UC platform and returns to the Microsoft Teams Rooms platform when disconnected.

### Microphone Pod

The CCS-UCA-MIC is a low-profile extension microphone pod designed exclusively for use with a Crestron Flex Tabletop Conference System. Up to two mic pods may be connected to a single conference device to extend its pickup range to cover large tables. Optionally, two microphone pods may be daisy-chained, or connected to the mic pod ports on the rear of the conference device, using the cables provided with each microphone pod.

### Intuitive User Interface with Impressive Audio

The Crestron Flex Tabletop Conference device (CCS-UC-1-T-X) provides a superior conferencing and collaboration experience with its large 7 in. HD display, integrated 360° quad microphone array, and an AEC-enabled USB speakerphone that supports full-duplex wideband audio performance. Another 7 in. or 10.1 in. touch screen can be added to the solution in order to provide dual control for the Microsoft Teams Rooms if required.

## Native Microsoft Teams® Rooms Experience

The Crestron Flex UC-CX100-T system provides a customizable conference room solution for use with one-touch meeting joins for Microsoft Teams Rooms using your choice of display devices, cameras, speakers, microphones, and other AV equipment. Any Microsoft Teams Rooms compliant USB camera and

USB audio conferencing interface (or speakerphone) may be used. It supports single or dual video displays and features a 10.1 in. touch screen, UC Presentation Transmitter and UC Bracket Assembly. The touch screen also offers optional control of room lighting, shades, thermostats, and other equipment.

## MTR Custom Room Version (+ 3rd party Audio system and camera) Crestron Flex UC-C100-T

1

### Smart camera for medium to large rooms

Huddly L1 is a collaboration camera that delivers smart user experiences in large and medium meeting rooms. Designed to make video meetings inclusive and productive for the whole team, it provides instant, responsive framing, and Full-HD video of everyone in the room. Huddly L1 is compact and unobtrusive, with no moving mechanical parts.

2

### Simplified Deployment

The UC Bracket Assembly (UC-BRKT-200-S-T-ASSY) with UC-ENGINE provides preassembled components on one ready-to-mount bracket to simplify installation. The assembly can be mounted on a wall, or it can be attached to the rear of the display device. Crestron's direct connection method further simplifies installation with a single connection from the touch screen to the UC Bracket Assembly.

3

### Shure MXA Series

Choose between the following 3rd party audio devices: MXA910 Ceiling Array Microphone, MXA710 Linear Array Microphone or the MXA310 Table Array Microphone. (Certified for Teams).

4

### Intuitive User Interface

With a large 10.1 in. capacitive touch screen display, the Crestron® tabletop touch screen (TS-1070-B-S) provides superior conferencing control in meeting rooms, huddle spaces, and executive offices. Another 7 in. or 10.1 in. touch screen can be added to the solution in order to provide dual control for the Microsoft Teams Rooms software if required. Wall mount touch panel also available (UC-C100-T-WM).

## MTR Custom Room Version + BYOC + 3rd party Audio system and camera Crestron Flex UC-CX100-T

## > Key Features Across Range

- >
- > Native Microsoft Teams® touch screen UX with simple operation and one-touch meeting joins
- > Dedicated Microsoft Teams button
- > Wideband HD voice quality
- > Hearing aid compatible handset
- > Wired or Bluetooth® enabled headset support
- > Easy to specify and install – no custom design, programming, or software installation required
- > Enterprise-grade security – connects and communicates securely over any enterprise or SMB network
- > Network management and provisioning and system alerts through the XiO Cloud® service

## Ideal speakerphone for Home Office environments

### UC-MM30-R-I

- > Tabletop conference device for Crestron Home™ OS
- > Simple, familiar UI consistent with mobile devices and touch screens running the Crestron Home app
- > Large 7" Colour Touch Screen
- > Seamless audio conferencing from a connected computer
- > Sonos® app integration
- > Simple installation – no custom design, programming, or software installation required
- > Power over Ethernet+
- > Ethernet or dual-band Wi-Fi® communications
- > Robust network security
- > Integrated AEC-enabled USB speakerphone
- > Automatic gain control, dynamic noise reduction, acoustic echo cancellation
- > 360° Audio – 3M pickup

## Brings the full Microsoft Teams Rooms UC experience to any meeting space in an enterprise or SMB facility

### UC-MM30-TA-I

- > Native Microsoft Teams Rooms touch screen UI provides a consistent user experience with simple operation and one-touch meeting joins
- > Large 7" Colour Touch Screen
- > Complete kit contains the Crestron tabletop conference device and PoE injector
- > Easy to specify and install – no custom design, programming, or software installation required
- > Network management and provisioning and system alerts through the XiO Cloud® service
- > Premium-level support with Crestron Flex Care (optional)
- > Enterprise-grade security - connects and communicates securely over any enterprise or SMB network
- > Dual-band Wi-Fi® connectivity
- > 360° Audio – 3M pickup

## Video Desk Phones Crestron Flex P Series

# Crestron XIO CLOUD™

### Manage remotely:

Update settings and firmware remotely

- > Change setting once, update everywhere immediately
- > Update firmware on all devices at once – security fixes in minutes
- > Cloud audit logs enable quick problem identification and solution

### Monitor instantly:

Instant notification and remote implementation

- > View live status of thousands of devices from anywhere at any time
- > Know of any change on a device within seconds
- > No need for extra configuration tools

### Workplace Analytics:

Understand how spaces are being used, and by how many people. Workplace analytics will provide enhanced dashboards allowing you to best understand how rooms and systems are being used. These include system usage versus occupancy, and new people counting and room capacity functionality.

### Crestron Room Booking

- > 7" or 10" capacitive touch screen display with custom-programmable control buttons
- > Wi-Fi® capabilities and PoE+ installation for maximum flexibility and convenience
- > Proximity Sensor detects motion and awakens screen upon approach
- > Bluetooth® beacon enables touchless room control from mobile devices
- > Ability to view space and meeting information, reserve a space, view upcoming reservations and identify room availability easily
- > Users can also view the building floor plan and book another room, using a Nearby Rooms feature

## Headsets

Entry level range for voice, music and multimedia. Ideal for new UC deployments on a budget

#### BLACKWIRE 3300 SERIES

- > Features great audio and a modern design
- > Mobile connectivity with USB-A/USB-C with 3.5 mm (BW3315/ BW3325)
- > Intuitive inline controls for call answer/end, mute, volume +/-
- > Supports long-wearing comfort with a comfortable, padded headband and soft ear cushions

Designed for users with extensive PC communication and ideal for all day use, long conference calls and listening to multimedia

#### BLACKWIRE 5200 SERIES

- > Connects to PC and Mac via USB-A/USB-C, smartphone, and tablet via 3.5 mm
- > Intuitive inline controls to answer/end calls, control volume, and mute
- > Dynamic EQ feature automatically adjusts audio for voice and multimedia use

Premium headset with dedicated Microsoft Teams button for instant access. Ideal for users working in a distracting open office/home office

#### BLACKWIRE 8225

- > Flexible, noise-cancelling microphone with Poly Acoustic Fence technology
- > Advanced hybrid active noise cancelling (ANC) with three settings to optimise
- > On-call indicator lets others know when you're on a call
- > USB-A or USB-C connectivity

## Poly Wireless DECT Headsets

Ideal for use in financial, medical, and government, where Bluetooth® technology is typically banned

#### SAVI 7300 OFFICE SERIES

- > Two-way connectivity – computer and desk phone
- > Designed to meet the DECT™ Security Step C—the highest security level from DECT™ Forum
- > Up to 2x more density than other DECT™ headsets
- > Noise-cancelling microphone with Poly Acoustic Fence technology

Ideal for Enterprise and call centre professionals who need to connect to desk phones, PCs, and/or mobile devices

#### SAVI 8200 OFFICE SERIES

- > Three-way connectivity base – computer, desk phone, and mobile calls
- > Only DECT™ headset with active noise cancelling (Savi 8220)
- > Noise-cancelling microphone with close conversation limiting
- > Convertible option available (Savi 8240/ Savi 8245)

Ideal for Enterprise and call centre professionals who need to connect to PCs only

#### SAVI 8200 UC SERIES

- > One-way only connectivity – computer
- > Only DECT™ headset with active noise cancelling (Savi 8220)
- > Compact USB adapter and travel case for portability
- > Noise-cancelling microphone with close conversation limiting
- > Convertible option available (Savi 8240/ Savi 8245)

Ideal for office-based and call centre professionals who require continuous battery life and the ability to move throughout the office

#### VOYAGER 4245 OFFICE

- > The lightest Bluetooth headset for contact centre use
- > Three wearing options in a single SKU
- > Wireless range up to 328 ft/100 m
- > Continuous battery life
- > Noise-cancelling microphone
- > Microsoft Teams version with dedicated Teams button for instant access

Professionals on calls all day in noisy office environments that are looking for connection to desk phones

#### VOYAGER FOCUS 2 UC

- > Three levels of Advanced Digital Hybrid Active Noise Cancelling (ANC)
- > Advanced multiple microphone noise canceling with Acoustic Fence technology in a discreet boom
- > Stereo sound for calls and media/music.
- > Dynamic Mute Alert senses and tells you when talking while muted
- > Available with our without charge stand

Ideal for office and remote professionals who need a comfortable bluetooth neckband headset with earbuds

#### VOYAGER 6200 UC

- > Boomless design features four omni-directional microphones and active noise canceling (ANC)
- > Comfort-fit earbuds deliver hi-fi stereo
- > Neckband vibrates to alert you to incoming calls
- > Pairs with up to eight devices and connects to two simultaneously

Ideal for professionals who work in distracting environments, on the go or in the office/home office

#### VOYAGER 8200 UC

- > Boomless, dual-paired, omni-directional microphones with enhanced digital signal processing (DSP)
- > Dual-mode active noise cancelling (ANC) lets you choose your preferred noise-reduction level
- > Smart sensors route, auto-answer, and auto-mute calls

## Poly Bluetooth Wireless Headsets

## Speakerphones and Handsets

## Personal Speakerphone – Calisto

### CCX 400

- > 5 inch multi-touch LCD display,
- > Reversible stand supports wall mounting or desktop usage
- > 1 x type A USB port
- > Wi-Fi and Bluetooth support via optional USB dongle (coming soon)
- > Microsoft Teams and Open SIP models available

**IDEAL FOR**  
Office workers or common area phones

### CCX 500

- > 5 inch multi-touch LCD display,
- > 2 USB ports (type A and type C), integrated Bluetooth
- > Dedicated Applications button or Microsoft Teams button
- > Your choice of handset model or no handset model for use with headset
- > Microsoft Teams and Open SIP models available

**IDEAL FOR**  
Knowledge workers

### CCX 600

- > 7 inch multi-touch LCD display, 2 USB ports (type A and type C), integrated Bluetooth and Wi-Fi
- > Dedicated Applications button or Microsoft Teams button
- > Your choice of handset model or no handset model for use with headset
- > Microsoft Teams and Open SIP models available

**IDEAL FOR**  
Managers and executives who want a larger screen

### CALISTO 3200

- > Plug-and-play USB connection with convenient cord management
- > Amazing audio quality with full-duplex audio, 360-degree room coverage, and dynamic mute alert
- > Compact and portable with included carrying case

**IDEAL FOR**  
Telecommuters needing a plug-and-play USB speakerphone

## Own the room wherever you are

- > Turn any call into a conference call instantly
- > Set up a call from a variety of devices
- > Professional audio quality no matter where you are

## Poly Trio C60

- > Poly signature audio with 22 kHz audio, up to 6 m/20 ft mic pickup range
- > Meeting initiation in seconds with one-touch join
- > BYOD support via USB, Bluetooth, IP
- > Wi-Fi audio conferencing 2.4-5GHz (MIMO)
- > Daisy-chain up to three conference phones for extra-large and unique spaces
- > Optional expansion mics available

### IDEAL FOR

Large and mid-size rooms requiring the best audio conference experience, with versatile options controlling Poly video conferencing solutions

### POLY SYNC 20

- > Plug-and-play USB with convenient cord management
- > Connect wirelessly to computers via the included BT600 adapter (Poly Sync 20+)
- > Three-microphone steerable array
- > Bass reflex system with dual passive radiators
- > Adequately covers a room of up to 4m x 4m
- > Up to 20 hours of talk time
- > Keep your smart phone charged and ready

### IDEAL FOR

Enterprise professionals who split time between corporate office, home office, and travel

### POLY SYNC 40

- > Connect to PC via combined USB-A and USB-C cable; smartphone via Bluetooth
- > Bluetooth adapter option for cordless connectivity to PC (Poly Sync 40+)
- > Three-microphone steerable array
- > Bass reflex system with dual passive radiators
- > High-performance, large speaker which adequately covers a room of up to 5m x 5m
- > Up to 30 hours of portable use
- > Two units can be paired wirelessly for larger meeting spaces
- > Optional wireless charging doc

### IDEAL FOR

Enterprise professionals needing a USB/Bluetooth smart speakerphone for larger rooms

### POLY SYNC 60

- > Six-microphone steerable array
- > Acts as a USB hub to add a 3rd party camera / peripheral
- > Bass reflex system with dual passive radiators
- > Adaptive gain control for consistent voice level
- > Two additional ports for charging mobile phones
- > Talker-tracking visual location indicators (must be enabled)
- > Two units can be paired wirelessly for larger meeting spaces
- > Optional wireless charging doc

### IDEAL FOR

Small to medium conference rooms

## Personal Video Cameras

## Precision-tuned webcam

- Exceptional camera optics designed to make you look your best
- Unique design features that set it apart from competitors

### Video and audio features

- > Built-in directional microphone
- > Automatic low-light compensation
- > Exceptional camera optics
- > Brilliant colours optimised to make you look your best
- > Camera view designed to show just you and not too much

### Design features

- > Status LED
- > Integrated privacy shutter
- > USB connection to wireless headset adapter
- > Tripod-ready
- > Small and rugged for portability
- > Poly Lens desktop app controls settings and updates
- > Easily fits atop laptop or display
- > Poly Lens cloud management

## POLY P5 Bundles

### Poly Studio P5 with Blackwire 3210 headset

- > Professional webcam and single-ear headset kit
- > Ideal for the multi-tasking professional to stay tuned into your surroundings
- > Exceptional camera optics
- > Single-ear wearing style to stay tuned into the surrounding environment
- > Brilliant colours and automatic low-light compensation
- > High-quality audio and noise cancelling mics

### Poly Studio P5 with Blackwire 3325 headset

- > Professional webcam and single-ear headset kit
- > Ideal for the work-from-anywhere professional needing high performance calls at an affordable price
- > Exceptional camera optics
- > Brilliant colors and automatic low-light compensation
- > Hear every conversation clearly with crisp, stereo audio
- > High-quality audio and noise cancelling mics

### Poly Studio P5 with Blackwire 4220 headset

- > Professional webcam and stereo wireless headset kit
- > Ideal for high performance calls with freedom to move
- > Exceptional camera optics
- > Brilliant colors and automatic low-light compensation
- > Headset wireless adapter connects directly to webcam
- > Crisp stereo audio and noise cancelling dual headset mics
- > Class 1 v5.0 Bluetooth roaming for greater range and flexibility

### Poly Studio P5 with Sync 20 speakerphone

- > Professional webcam and smart speakerphone kit
- > Ideal for the high-performance professional in an enclosed workspace
- > Exceptional camera optics
- > Brilliant colours and automatic low-light compensation
- > Speakerphone wireless adapter connects directly to webcam
- > Full duplex audio and three-microphone steerable array
- > Bass reflex system with dual passive radiators
- > Up to 20 hours of speakerphone battery life

**Poly Studio P15 – Personal Video Bar**

### The personal video bar that's the closest thing to being there

- > Look and sound your best on video calls with one sleek device
- > Easily fits atop your display, or tripod mount for flexibility
- > Robust cloud management using Poly Lens
- > Certified for Microsoft Teams

- > 4K resolution
- > High-performance image sensor
- > Optimised field of view
- > Automatic low-light compensation and brilliant Automatic camera framing
- > Integrated privacy shutter
- > Integrated speaker with acoustic suspension
- > Advanced microphone array
- > NoiseBlock AI
- > Acoustic Fence

### The personal meeting display where form and function unite

- > Everything you need in one sleek, stylish device
- > Simple to set up and connect
- > Works with any app
- > Dedicated video display when you're in calls, additional PC/Mac display when you're not

### Video and audio features

- > 21" enterprise-grade display
- > Exceptional camera optics
- > Integrated ambient lighting
- > Integrated microphone with powerful stereo speakers

Microsoft Teams product certification (pending)

### Audio features

- > Integrated privacy shutter
- > LED status bar
- > Easy access controls
- > USB hub built-in
- > Wireless phone charging

Personal Meeting Display Poly Studio P21

Poly Microsoft Teams Rooms

## Studio X30 Small to Medium Rooms

## INTRODUCING POLY LENS

- > A cloud service that delivers device insights and management vital to optimising workplace experiences
- > A single pane of glass to help manage all your Poly devices
- > News feeds highlight areas of interest like device health and usage trends, and available software updates
- > Frictionless device onboarding for thousands without heavy technical support
- > Easy device configuration, ensuring consistency for end users while lowering IT help tickets
- > Centralised control of software across multiple locations limits need for IT travel or local experts
- > Active monitoring of device health for maximum uptime improves operations and user satisfaction

### Poly Lens Desktop

Make the most of your meetings with Poly Lens Desktop. A single app for customising your personal devices to how you work, whether that's in the home or office. Staying up to date with the latest software is easy as a click, now, or when it suits your schedule. With built-in, customisable health and wellness reminders, you'll feel better throughout the workday staying hydrated and active. Staying on-task is easier when you mask distractions with our focus audio. Rest easy knowing that help is no more than a click away with guides and contact information.

#### Benefits:

- > Customise your personal device to meet your collaborative needs and workstyle
- > Accept built-in notices letting you know when an update is available and ready for install
- > Customisable reminders that make sure you get the hydration and breaks you need to stay productive
- > Get more done throughout your day while minimising common distractions found in the home or office setting with focus audio
- > With built-in self-help guides, support information, and troubleshooting tools you'll minimise disruption to your workday

## REMARKABLY SIMPLE MEETING ROOM SOLUTIONS

**Logitech Scribe**

## **Whiteboard Camera for Video Conferencing Rooms**

Designed for whiteboard sharing in the modern workplace, Logitech Scribe broadcasts content on dry erase boards into video meetings with outstanding clarity. Now, even remote participants can have the best seat at the table. With a clean wall-mounted design and thoughtful cable management, Scribe installs elegantly and out of the way of meeting collaboration. Together with the whiteboard content camera, Scribe includes a wireless share button, mounting components, power supply, and category cables for deployment at scale.

### **Features & Benefits**

- > Effortlessly share whiteboards into video meetings with Logitech Scribe, an AI-powered whiteboard camera for Microsoft Teams® Rooms, Zoom Rooms, and other leading video conferencing services.
- > Works with all whiteboard surfaces, capturing up to 6' W by 4' H, and any set of dry erase markers.
- > Scribe's wireless share button makes sharing whiteboards into video meetings quick and easy.
- > You can also initiate sharing with your meeting room touch controller, like Logitech Tap.
- > Presenter Removal Scribe's built-in AI delivers a transparency effect, allowing participants to see "through" the presenter for an unobstructed view of the whiteboard.
- > Content Enhancement Scribe automatically enhances the colour and contrast of dry erase markers, making text and sketches easier to read.
- > Sticky Note Detection Scribe uses image segmentation to recognize and show other forms of content like sticky notes.

## OPTIONS AND ACCESSORIES

### PC MOUNT

Secures the supplied PC to a wall or beneath a table, and includes a cable retention bracket to keep USB, HDMI, power, and network cables tight and secure. Included with all room solutions.

### TABLE MOUNT

Secures Tap to a grommet while maintaining a low profile. Swivels 180° for convenient operation from both sides of the table.

### RISER MOUNT

Secures Tap to a grommet and raises the viewing angle to 30° for better visibility from across the room. Swivels 180° for convenient operation from both sides of the table.

### WALL MOUNT

Conserves table space by mounting Tap flush to the wall with a sturdy plate and cleat design.

### TV MOUNT FOR VIDEO BARS

Securely mount your video bar above or below a TV or Monitor.

### WALL MOUNT FOR VIDEO BARS

Neatly and confidently secure your video bar on the wall for minimal footprint.

### RALLY MIC POD

Add Rally Mic Pods to expand audio coverage and provide convenient access to mute controls.

### LOGITECH SWITCH

Adds the ability to use the AV equipment in Microsoft Teams Rooms with any video conferencing software, webinar platform, or streaming service. Simply plug in a laptop to start a new meeting.

## Microsoft Teams Compatible Headsets

- > Digital zoom (Full HD): 5x
- > Auto Light Correction: RightLight™ 3 with HDR
- > Multiple mounting options, External privacy shutter, Infrared for supporting facial log-in, Background replacement labs project (powered by Personify3), Works with Cortana®

## Management Tools

Easily monitor and manage your meeting room devices from Microsoft Teams or Logitech Sync Dashboard. Plus, get business insights into how your rooms are being used.

\*Appliance based Solutions are monitored and managed from the Microsoft Teams Admin Centre, PC based solutions can be monitored and managed from either the Microsoft Teams Admin Centre or Logitech Sync

## Introducing Logitech Sync

Remote management that scales to thousands of Logitech meeting room devices

### MODERN DEVICE MANAGEMENT

Logitech Sync makes it easy to support large-scale video deployments while minimising site visits and trouble tickets—all from a simple browser-based interface.

A fresh approach to remote monitoring and device management simplifies tasks like firmware updates and feature enablement, while an API and forward-looking architecture establish a robust foundation for new insights and integrations.

# Management

## ROOM STATUS IN REAL TIME

Don't wait for a panicked phone call or trouble ticket to surface problems like an offline room or disconnected device.

Sync automatically highlights issues that need your attention in real time and offers in-depth diagnostic info so you can resolve problems before they impact a meeting.

## LET SYNC MAKE THE SITE VISITS

Thanks to a modern design that supports both on-demand and scheduled updates, Sync helps you deploy product upgrades and bug fixes to all of your rooms.

Simply select your devices, choose an action, and let Sync make it happen.

## MAKE EVERY MEETING COUNT

Get insights that lead to more efficient and productive meetings.

Informed by rich data about how people use rooms and devices, Sync will help you make the most of your collaboration spaces and technologies.

## WHY SYNC

Sync offers easy and secure scalability, no matter how many rooms and devices you manage.

### MODERN

Sync's intuitive and responsive interface is powered by a cloud-based architecture to accelerate deployment and simplify management

### SECURE

Because Sync employs end-to-end encryption and neither collects nor transmits audio, video, or shared content, meeting data remains private and secure

### SCALABLE

A capacity of more than 10,000 devices and a platform built for multitenancy make Sync an ideal solution for service providers and enterprise deployments

### FREEMIUM

No licenses, no invoices, no maintenance fees. While Logitech will add new capability and value to Sync, core device monitoring and management is free
